A Pandemic, a Polarizing Election and a Chaotic Financial Market Walk Into a Bar...

With the pandemic peering over its shoulder threatening disruption, the financial market has shifted gears, signaling the arrival of a new and surprising phase with major implications for the global and U.S. economy.

What does it mean for business, industry and investors? What's in store for you and the people who depend on you?

Famed financial expert Jeff Mortimer is back with straight answers and rare insight. In a powerhouse presentation, Mortimer gives a real-time update on where we stand in the market economy, including what's really happening as a result of COVID, important news on mergers and acquisitions that no one is talking about, and the topic on everyone's mind: the upcoming presidential election.

Sentinel welcomes you to this one-hour webinar event, with a bit of forewarning: *As the market watch strikes 9 o'clock, nothing is what it seems.*
